

Product Manager

Why Join Us

Inceptia is a nonprofit organization committed to offering effective and uncomplicated solutions in verification, financial aid management, financial education, and repayment wellness. For more than 35 years, Inceptia has helped millions of students achieve their higher education dreams at schools nationwide. Our mission is to support schools in illuminating a path towards educational and financial success for students and families, allowing them to pursue their dreams of reaching their full potential. Our solutions are designed to support student success by helping financial aid administrators maximize resources, so they can spend more time delivering meaningful learning experiences across the student lifecycle that fosters education and personal development.

Inceptia is looking for a Product Manager to join our team in Lincoln, Nebraska!

What you'll do!

The **Product Manager** works with business stakeholders and customers to determine how Inceptia can help drive value for school users by delivering innovative products and solutions to the marketplace. Working with the stakeholders and customers, this individual will help write user stories and plan the development including the prioritization, user acceptance testing and product documentation. The Product Manager will also heavily collaborate with the design and development team members to prioritize, plan and conceptualize implementing a holistic user experience.

The ideal candidate has Agile Scrum experience, has a thorough understanding of writing user stories and is familiar with creating and maintaining a strategic roadmap for delivery against business objectives set by the organization. The individual must be able to partner effectively across functions and gain alignment on development projects and product priorities. Further, the ideal candidate is a detailed/granular thinker, excels in uncertainty and change, loves innovation and has a knack for building relationships and implementing new ideas to generate growth.
