

# GREAT ADVICE FOR PARENTS 2018

At Inceptia, the foundation of our nonprofit mission is to arm students and schools with the knowledge necessary to make informed financial choices.

As part of this mission, Inceptia is proud to collaborate with the personal finance site NerdWallet to arm you with a **free** parents' guide to navigating college finances.

This e-guide is an easy-to-read, easy-to-share resource that offers timely advice on what students and their families should know leading up to and during the college enrollment process, from how to budget for the application process, to helping your student start making wise financial decisions now.

Here's a sneak peek at some of what you'll find in the e-guide:

- Answers to 16 Popular Questions About the FAFSA
- 6 College-Money Lessons You Didn't Learn in High School
- 7 Ways to Avoid Becoming a Scary Student Loan Stat
